

Lord I come taking up the call
I kneel down holding to the cross
My heart is stirred as I count the cost

I am weak but I know You're strong
In my heart You have set Your word
My feet will stand on solid ground

Hallelujah, Jesus reigns
Hallelujah, Jesus reigns
Here am I send me
Here am I
I will go with You

You have paid the great sacrifice
At the cross laying down Your life
For by Your blood, You have
conquered death
